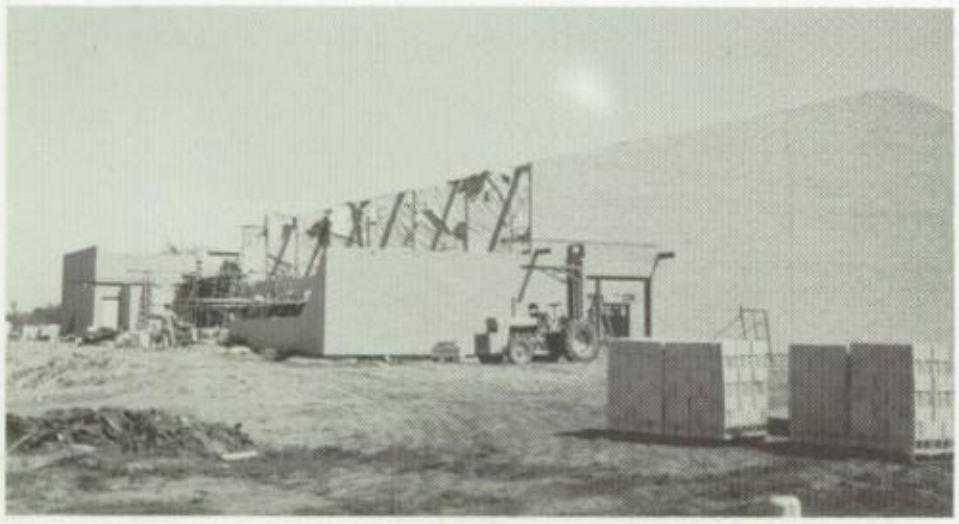
Superintendent

HARRY LAYMAN



Superintendent Harry Layman in his tenure as chief of the Birch Run Area Schools has been involved in the construction of the entire physical plant as it now exists.

Every building on the campus has been planned, constructed and put into operation under his supervision.

The handsome buildings, housing all grades from the Kindergarten through the senior high school, will stand for many years as memorials to his dedication to the cause of education.

The pictures above and at the right are typical construction scenes of the 1963-64 building program. Above is the main gymnasium from the northwest. At the right are pictured cranes installing the laminated wood arches which support the roof of the 105' by 100' gymnasium.

Also included in the building program was a four room addition to the existing elementary building. Skillful design and careful construction blended this addition into the existing elementary building so that it matches the 1957 work almost exactly.

BIRCH RUN HIGH SCHOOL'S

FIRST EXCHANGE STUDENT

Cynthia Cuthbertson (center above) traveled under Michigan's Youth for Understanding Teenage Exchange Student Program to Germany for the summer of 1964. She lived with the Torstrick family in the village of Epe near the Netherlands border. For Cynthia, the trip was "thrilling, fascinating, and deeply meaningful."

FROM THE FACULTY

Birch Run's championship baseball squad saunters off the diamond possessing knowledge gained from Mr. Baseball himself--Mr. A.W. Thorp. After thirty-two consecutive years of coaching he retired in the spring of 1964. Mr. Thorp developed three Motor Valley Conference baseball champions during his fifteen years as Birch Run's coach.

The Birch Run PANTHER TALES Staff salutes Mr. Thorp for all the time and energy he has put into the baseball and athletic programs. He remains in the Athletic Department as Faculty Manager of Athletics.

Classrooms

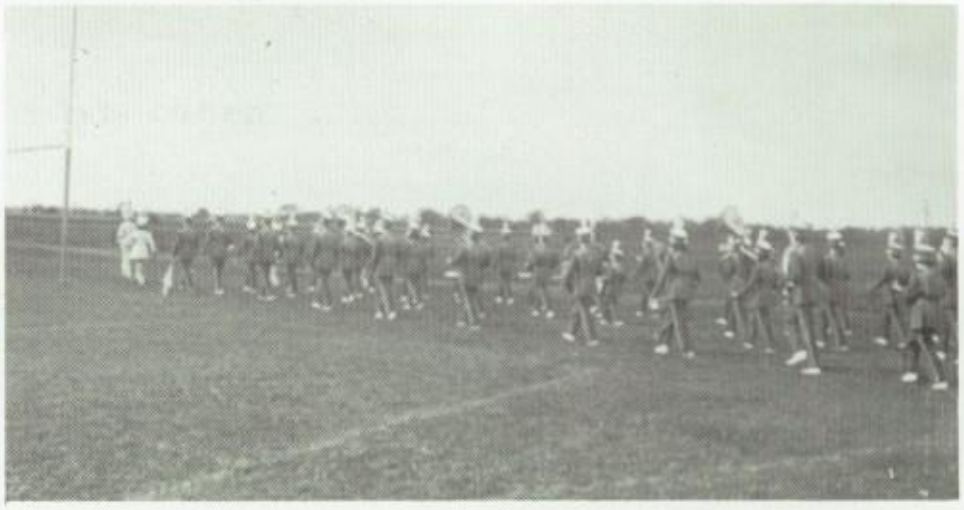
Gary Schwartz poses as a Yugoslavian lad in Mr. Inman's Geography class but who is the fair lass at the right? Could it be his twin?

A unusual feature in the new addition of the high school is a partitioned room. A folding wall divides room 223 into two classrooms for teaching purposes. When lectures are given, the wall is folded to accommodate a large group.

Shown above is Mr. Inman's Geography class and Mrs. Adrian's English II class.

Snapshots

Who wouldn't beam with seven wins under his belt? Or was it fried chicken, coach?



The Junior-Senior Prom, "Twilight in Rome," was held at the V.F.W. Hall on May 23, 1964.

The Panthers receive a between-the-halves pep talk from the coach.

This smug-looking gentleman has obviously just won the "Float Jug Award."
